About Us

The Dairy Kompany Ltd, established in Harrogate in 2010, has an experienced team of seven who provide sales, marketing and logistics, initially supplying Cheese, Butter and Liquid Egg. Due to customer demand we have increased our product range to include all other food ingredients. We have a dedicated Technical department and we have BRC certification for Agents and Brokers.

We maintain excellent relationships with our customers and suppliers, and have built a business supplying products at competitive prices, directly from the manufacturer, to a range of customers, including wholesalers, caterers, the travel industry, food manufacturers, independent food services and food processors.

We provide reliable, prompt deliveries nationwide using a network of strategically based distribution centres and hauliers. However, products can be delivered directly from the manufacturer giving the customer extra shelf life, even from Europe.

Our range includes Packet and Bulk Butter, Artisan Cheese, Continental and British Cheese, Liquid and Powdered Egg, Italian Meats, Bottled Water, and more recently our "Free From" range. Please see our Product Range for full details.

If you or your NPD team have an idea, we would be delighted to help source the right ingredients for your needs.

Butter and Spreads

Our butter is available in Portions (size 7), Sweetcream - Packet (250g) and Bulk (10kg and 25kg), Lactic and Whey.

We offer a range of brands.
